

Sports Premium Expenditure 2015 - 16

Income	£9,790	
PE Equipment	£658	At the start of the year, the PE co-ordinator identified any resources that required updating, replacing or purchasing. These were bought in order to give children the appropriate resources for PE lessons, extra - curricular clubs and lunchtime activities.
KS1 Trim Trail	£5,000	The trim trail was installed to give KS1 children more of a focus at playtimes and provide equipment to apply their balance, agility and co-ordination skills.
KSSP Fees	£1,836	The aim of KSSP is to give children the opportunity to regularly compete against other schools. It also gives local sports groups a chance to work with the local schools and build relationships with staff, parents and children. The number of children who have competed has significantly risen this year.
Visiting Sports Coaches	£2,297	A number of local sports coaches have visited Bexton to deliver CPD sessions during INSET days. Teachers were able to sign up for sessions they identified were a weakness in their teaching, and lots of practical and useful ideas were shared. As a result, teachers became more confident teaching certain areas of PE (gymnastics and dance) and using certain equipment.
