

Together we can make a difference

Consent form for use of images of children by Bexton Primary School and Nursery

At Bexton we love to celebrate the accomplishments of our children. We take photographs and videos for use within school e.g. in records of achievement. Also, as part of our communication strategy, we may from time to time consider publishing photographs or videos of your child in newsletters, publications, on the school website, Twitter or our Facebook page. In these cases, where names are used alongside photographs, we only publish first names of pupils.

We understand that some parents would prefer us not to use photographs or videos of their children. That is fine – please let us know this on the form below. Similarly, if you change your mind at any time, you can let us know by emailing or calling us or just popping in to the school office to change your preferences.
