

Primary PE and Sports Premium 2024-2025: Funding Plan

The government is continuing to provide additional funding for the academic year 2024/25 to improve the provision of physical education and sport in primary schools. This funding is provided with the aim to:

- Develop or add to the P.E. and sport activities that school already offers
- Build capacity and capability within school to ensure that improvements now will benefit pupils joining the school in future years.

There are five key indicators that schools should expect to see improvements across:

- The engagement of all pupils in regular physical activity (the Chief Medical Officer guidelines recommend at least 60 minutes per day of which 30 minutes should be in school)
- The profile of PE and sport is raised across the school as a tool for whole-school improvement
- Increased confidence, knowledge and skills of all staff in teaching P.E. and sport
- Broader experience of a range of sports and activities offered to all pupils
- Increased participation in competitive sport.
